

# X-SERIES

GREAT HVAC FLEXIBILITY FOR MID SIZE ROUTE BUSES THAT REQUIRE FRONT, MID OR REAR MOUNT APPLICATIONS

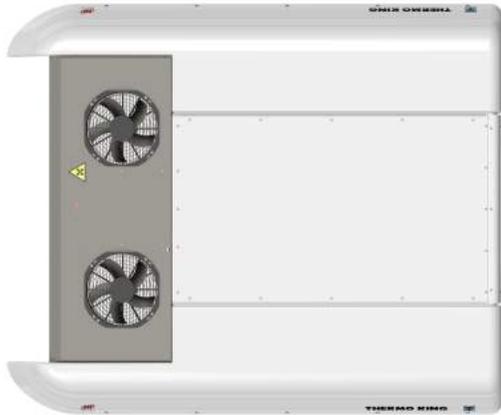

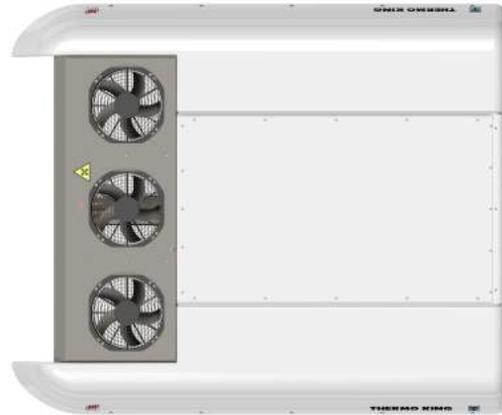

## KEY FEATURES OF X-SERIES:

- Suitable for buses of 8m – 10m in length
- High performance to suit all Australian conditions
- Great temperature pulldown, reheat and de-humidification
- Lightest unit in its class
- Available with Thermo King X430 compressor or alternative brand to suit chassis
- R134a refrigerant

## WHY CHOOSE THERMO KING?

### RELIABILITY

Thermo King products are built to last. We only use the most reliable, enduring and certified components in our air conditioning systems. Our products are continuously tested and our designs are engineered to meet the highest demands of the bus temperature control applications anywhere in Australia.

We carry out a range of rigorous functional and performance test to validate all our equipment in controlled environments such as 3D multi-axial vibration and twist profile test.

The Thermo King manufacturing plant is ISO 9001: 2008, ISO 14001: 2004 and BS OHSAS 18001: 2007 accredited which demonstrates dedication to quality and reliability.

### ENVIRONMENTAL IMPACT

With the innovative micro channel coils (with reduced refrigerant charge of 50% compared to conventional coils) our units offer improved environmental performance with low global warming potential.

Our air conditioning units are also engineered using the very best materials and constructed to avoid troublesome leak points and connections. To improve environmental friendliness, Thermo King uses only non-flammable refrigerants with A1 classification.

### LOW NOISE

The X Series units have been designed with efficient long life 3 speed blowers and 2 speed condenser motors that ensure exceptional airflow with minimal noise intrusion.

## THERMO KING BUS AUSTRALIA

Thermo King Bus Australia, an Australian owned company is dedicated to highest quality air-conditioning solutions for bus and coach applications. As the only Thermo King Bus HVAC Master Dealer, Thermo King Bus Australia provides nationwide sales, service and parts support for bus & coach HVAC in Australia.

## THERMO KING DEALER NETWORK

All Thermo King unit owners have access to our nationwide dealer and service network to minimise cost of ownership and maximise uptime.

- \* National service locations in every Australian state
- \* Non stop service & technical support 24/7/365
- \* Direct telephone access
- \* Trained service agents in Regional Australia
- \* Fully equipped mobile service fleet
- \* Fully trained & qualified Thermo King CERTI-TECH technicians
